MONOCHROME MUMS

Black and white is the hot new look for mums, as seen on catwalks from Chanel, Moschino, Oscar de la Renta, Temperley, Ian Stuart, Medici and Isperato (above, pocket from £208). A classic black or white jacket never dates, can be worn again and offers brilliant value pounds-per-wear. Stylish!

HAIR TODAY

"The Grecian goddess look is a big trend in hair and make-up right now," says Y&YW beauty editor Sarah Green who loves this look, right, by the Michael Van Clarke bridal team at The Designer Wedding Show. "Ring your eyes in soft brown shadow, surround them with inky black lashes and give your forehead, cheekbones and chin a subtle dusting of gold shimmer. Then twist your hair up into a high bun and push in a sparkling headband – voila!"
